

Kangaroo Island Bushfire Last Resorts

Location SA, DPTI

A Bushfire Safer Place is a place of relative safety. It may be used as a place for people to stay in or as a place of first resort for those who have decided they will leave high risk locations early on a high fire risk day.

Bushfire Last Resort Refuges are your LAST choice of location to shelter from bushfire. A Bushfire Last Resort Refuge is a space or building that provides a minimum level of protection from the immediate life threatening effects of radiant heat and direct flame contact in a bushfire. It is an area intended to provide a place of relative safety during a bushfire but does not guarantee the survival of those who assemble there.

You should complete and practice your Bushfire Survival Plan to ensure that you and your family are prepared and know what to do in the event of a bushfire.
